Water conditioner for the table.

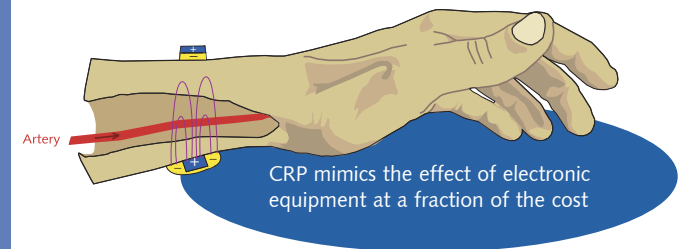

Magnotherapy Book

Read about the benefits of magnotherapy in 'Magnotherapy the PHacts'.

About Bioflow products

Magnotherapy is not a new concept - in fact the beneficial properties of magnets on health have been known for thousands of years. Ecoflow have been at the forefront of developing this science into practical products for over a decade.

The Bioflow range uses our patented 'Central Reverse Polarity' technology to maximize the beneficial effects of magnetism on the body.

As blood passes through the field it is subjected to a magnetic pulsing effect which we believe helps the body maintain a balanced pH (the information base of pain) and maintain good conductivity in the cells (essential for good health).

We believe over 1,500,000 customers cannot be wrong in their belief that Bioflow relieves pain and aids recovery.

- Over 1,500,000 users
- Patented 'Central Reverse Polarity'
- Comprehensive guarantees
- Customer Loyalty Scheme
- Class 1 medical device
